THE ITALIANS GO ON STRIKE

Traffic on I. & C. is Delayed
at Julietta This Morning
as a Consequence.

Workmen Demand More Pay and
Refuse to Go to Work—More
Expected to Quit Tonight.

About sixty Italian shovelers and other workmen in the employ of the I. & C. Traction company and working at ballasting the line near Julietta went on a strike this morning and refused to go to work, demanding higher wages. The men have been receiving \$1.30 per day, the same as is paid by the steam roads, but they ask \$1.50. A force of about 130 men have been working on the line and as the remainder are also said to be dissatisfied with their pay, they are expected to quit work tonight.

During the night the two gravel trains hauled considerable gravel from the Morristown pit and deposited it on the track expecting the workmen to spread it this morning.

The men refused to work and traffic was delayed for several hours. The gravel was spread and the track cleared, however, by the remainder of the men.

The traction officials are out along the line, it is said, for the purpose of trying to effect a settlement. Chief Engineer Moore could not be seen today as he is at the other end of the line, but it is understood that the strike is regarded as serious. As far as can be learned there is no trouble of any kind and property is not being damaged. The cars are running out on time this afternoon.

MAN BEHIND A TELEGRAPH POLE

Attempted to Seize Mrs. E. W.
Ball at Third and Harrison
Streets Last Night.

About 7:15 last night Mrs. E. W. Ball, living at 415 West Third street, while on her way to attend the meeting of the Rebekah lodge, was badly frightened by a man who jumped out from behind a telegraph pole at the south east corner of Third and Harrison streets, and who attempted to seize her.

Mrs. Ball ran into the streets and enlisted help from J. T. Arbuckle, who was going west on the north side of the street. The fellow attempted to follow her, but fled on Mr. Arbuckle's approach. Neither got a good look at the man and were unable to describe him.

Mr. Arbuckle would have given chase, but Mrs. Ball, terribly frightened, insisted that it would be safer for both if he did not. Mrs. Ball was escorted in safety to the Odd Fellows hall. No clues to the man have been obtained.

THE STONE PILE IS SUCCESSFUL

Greensburg News: A number of teams have been engaged this week in hauling away the stone from the pile cracked by the hoboes at the county jail last winter. Since the warmer weather set in there are no longer any tramps in jail and it is probable that the stone pile will go out of commission until next winter. While in operation it did well the work for which it was instituted, and kept the town comparatively free from tramps all winter.

NO DESECRATION OF FLAG

As Result of Investigation at Indianapolis, Many Offenses Will
be Stopped Over State.

For the first time in the history of the State, the law against the use of national flags to advertise one's business is to be enforced. The grand jury at Indianapolis has begun an investigation, the letter heads, envelopes, bookcovers and other things made in the design and colors of the flag have been examined, and with them the names of twenty-five business men and firms were submitted as violators of the statute. The legislature of 1903 adopted the flag as a statute emblem and in order to prevent such desecration the heavy penalties were fixed for the violation. Prosecution will be begun under the indictments to be returned by the grand jury.

POLICE OFFICERS WILL ORGANIZE

A Secret Society Similar to the
Detective Organizations in
Other States.

On Tuesday, April 11th, the chief of police, sheriffs, city marshals, railway detectives and other police officers of Indiana are expected to meet at the Commercial club rooms in Peru for the purpose of forming a State organization, similar to those in operation in Illinois, Ohio and other States. Letters have been received from officers all over the State expressing interest in the movement. The object of this association will be similar to those in existence elsewhere, that is to form a friendly organization which will aid in devising means for successfully tracking criminals and for the general advancement of police and detective interests. Invitations are to be sent to every county and city in the State, and it is hoped there will be a good sized attendance.

USED TOO MUCH

Fort Wayne, Ind., March 25.—The safe of Niezer & Co., elevator proprietors, at Monroeville, twelve miles east of this city, was blown open. No money was taken, as it was not the custom to keep money in the safe, but notes to the value of \$300 were stolen, although useless to the thieves. The charge used was unnecessarily heavy, and the building was damaged to the extent of \$400.

THE GROCER MEN REGISTER A KICK

Greensburg Merchants Complain
Supplies for I. O. O. F. Home
Comes from Muncie.

Greensburg grocermen are complaining that the groceries for the Odd Fellows Home at that place are being purchased at Muncie, and many of them are disposed to make their righteous indignation known. When the money was being raised for the purchase of the land for the Home, business men were solicited upon the ground that such an institution located in this city would mean much to all branches of trade, and nearly every business man was a subscriber to the fund. If the grocery supplies are to be bought at Muncie the grocers want to know where they come in on the benefits.

Hartford City, Ind., March 25.—Otto Cook and Ernest Sanderson, confined in the Wells county jail awaiting a hearing on the charge of murder in the first degree, will be brought to this city next week to testify for the defense in the trial of their sister, Mrs. Ollie Sanderson, who is charged with complicity in killing her husband.

RILEY TO BE SECRETARY

Rushville Man Certain to
Land Place with Railroad
Commission.

Meeting Will be Held Monday
at the State House—Gets
Good Salary.

It is now almost a settled fact that C. B. Riley, of this city, secretary of the Indiana Grain Dealers' Association, will be chosen secretary of the new Railroad Commission. Mr. Riley was a candidate for a place on the commission as one of its members, but failed to land. Since that time his friends, including Congressman Watson, of this city, have been working in his behalf in order that he might be chosen secretary of the commission, which position he has been seeking since he failed to land as a member. Union B. Hunt and Charles F. McAdams, of Williamsport, have expressed themselves as in favor of Mr. Riley and this is taken as a sure indication that he will be the lucky one. The third member of the commission has not expressed himself on the subject, but it is thought that he will vote for Mr. Riley.

The commission will hold a meeting Monday afternoon at 2 o'clock in the State House for the purpose of choosing the secretary.

Mr. Riley's position will be a good one and carries a salary of \$2500 a year and expenses. He will have his office in the State House at Indianapolis.

CONCERT BY THE NEWSBOYS' BAND

An Immense Audience Filled the
City Opera House Last
Night.

An immense audience gathered at the city opera house last night for the entertainment given by the Indianapolis Newsboys' band as a benefit to the Sunday schools of the city. Every seat was taken, extra chairs were placed in the aisles and orchestra pit, and standing room was at a premium. The different numbers were applauded repeatedly and the entertainers were each given several encores. The major portion of the audience was well pleased with the performance, but there were some who believed there should have been more numbers on the program by the band. The music rendered, however, was well played for boys so young. Harry Porter, comedian, entertainer, made a hit, although some of his gags were noticeably near to those of Ezra Kendall. J. Russell Powell pleased the audience with his sentimental and coon songs. Don V. Smythe, the magician, although but an amateur, executed some good tricks. The band numbers were as follows: "Yale Varsity," Johnson Comp.; "William Tell," overture, Rossini Comp.; "The Postilion," Fahrbach Comp.; "Beauty and the Beast, selection arranged by Chataway.

LEAVES PROPERTY TO HIS RELATIVES

The late Henry Landis, of Charlottesville, who died last Saturday at Phoenix, Ariz., bequeathed to his cousin, Mrs. Martha Orr, and her invalid daughter Myrtle the interest on all his property during their life time. At their death all of the property goes to the Sailors' and Soldiers' Orphans' Home at Knightstown. The property will amount to about \$3000.

IT IS FOR CLEAN MEN

The Municipal Voters' League
Will Wage War on "Gray
Wolves."

Hammond, Ind., March 25.—The Independent Municipal Voters' League has been organized in this city, its object being to rid the city of hoodlums and aldermen. In the preceding elections, as it is alleged, a set of men has been nominated, first on one ticket and again on another, pledged to observe their oaths, but few of them, whether rightfully or not, escaped the charge of "hoodlery." The league will make an effort at the coming fall election to put clean men in office. It is patterned after the Chicago Municipal Voters' League, and is strictly non-partisan, being composed of both Democrats and Republicans. The record of every candidate will be exposed to the limelight and minutely examined. Space will be leased in the Republican and Democratic daily newspapers and a campaign will be waged against "gray wolves."

WITH THE RUSH COUNTY HORSES

The Rushville Drivers are Getting
Busy With Their Early
Training.

A Rushville horseman writing to the Western Horseman has the following to say concerning the progress made in training by the local horsemen:

There are now seventy-five horses being worked here, and all things point to a lively season here among the trainers. George Weeks has a three-year-old by Roy Wilkes which is thought to be one of the fastest things ever bred in this section of Indiana. This filly has made a fine growth this winter, and will be entered in all the three-year-old stakes down the Grand Circuit. Mr. Weeks also has several Patchen Boy colts which are very fast.

Dick Wilson's Patchen Boy colts are located at the fair grounds, some fourteen head, and they give promise of taking fast records this fall. Patchen Boy, 2:10½, is looking fine.

William Dagler, Jr., has some good prospects in training, and hopes to get to the races with several of them. William Dagler, Sr., and his son, John Dagler, are working ten head, including John F., 2:23½; Joe Russell, 2:11½; Bourbon, 2:23½, and several good green ones.

Scott Branon has J. A. Quay's horses in fine shape. He has ten head; one coming three-year-old trotter showed a mile last year in 2:26½, and another, a five-year-old, stepped a mile in 2:17. He also has a five-year-old pacer which last season showed a mile in 2:14, and several good prospects.

Clell Maple is working seven head, including Decoration 2:19½, trial 2:14, and Aileen Wilson, 2:24½, trial 2:13½. He also has Wana West, a five-year-old mare, by Wanamaker. This mare was knocked down at the Lackey sale for \$310, and her purchaser certainly got a bargain. She is a grand young mare, and with little work trotted a mile in 2:36.

Fred Hilligoss has moved his splendid stallion, Geo. W. Lederer 2:18½, and two good green pacers to Riverside Park.

The tracks are dry enough for jogging and some of the boys were using them last week. A few more days like Friday and Saturday and they will begin to step.

Horse Thief Arrested.

Muncie, Ind., March 25.—Detectives who went to Albany on receiving a "tip" that Locke and Harris, the alleged railroad robbers wanted in Wayne county, were in hiding at the home of Locke's cousin, returned, having failed to find the men they were looking for, but bringing back with them Thomas Meeks, alias Ed Nice, who stole a horse and buggy near Ridgeville several weeks ago and who has been hunted by officers since. Meeks confessed the theft to the officers and told them the horse and buggy could be found. He had sold the outfit to a farmer.

EDITOR DOWNS PASSED AWAY

Was Founder of the Connersville News and a Prominent Politician.

Affliction of Locomotor Ataxia
Superinduced by Typhoid
Fever Causes Death.

William F. Downs, founder of the Evening News of Connersville, died at his home in that city, Friday, aged fifty years.

At an early age he connected himself with the Connersville Times and for many years remained with that paper which was conducted by Augustus Sinks. During his last few years' service with the Times he was its city editor and as such became known to everyone in town. About eighteen years ago he conceived the idea of founding a daily in Connersville, which at that time was without a daily paper, the city containing about four thousand inhabitants. The enterprise was a venture upon unknown seas and many predicted its early failure, but from the very first it was a success and rapidly grew in popular favor, thus demonstrating Mr. Downs' good judgement and management.

Several years ago a stock company was formed which bought up the Times and News and formed the Times News Company, Mr. Downs retaining his interest, and since that time until recently has been its active editor.

Mr. Downs was always a popular man and as such was honored politically by being elected at different times to the several positions of City Clerk, Mayor and County Clerk, which latter position he held at the time of his death.

The writer has known Mr. Downs for over twenty-two years and has at all times found him a pleasant and agreeable gentleman and one with whom it was a pleasure to transact business.

Mr. Downs married late in life, as many years ago he took upon himself the burden of providing for a widowed sister and her orphan children, for whom he made a home until they were able to take care of themselves. He leaves a widow and three young children, besides several brothers and sisters, and a large circle of friends to mourn his loss.

Mr. Downs has been a great sufferer for over a year with locomotor ataxia, and for several months has been confined to his home. About ten days ago his condition became much worse and symptoms of typhoid fever developed, which hastened his death.

Mr. Downs was well known to a great many people of our city, and will be long remembered by a host of appreciative friends and acquaintances to whom he had endeared himself.

MORRIS RUSH IS AWARDED \$5000

Morris Rush, a former student of Purdue University, who was injured in the wreck of the Purdue special on the Big Four Railroad, October 31, 1903, was awarded \$5000 damages by a jury in the Superior court Friday. Judge McMaster at once rendered judgment for that amount against the railroad company. This was the first damage suit to come to trial as the result of this accident. Damages in the sum of \$25,000 were asked.

Cincinnati Broker Arrested.

New York, March 25.—Francis P. Magoun, of the banking and brokerage firm of Magoun Bros. & Co., of Wall street, which failed a few years ago, was held in \$10,000 bail for examination in the Tombs police court on a charge of grand larceny. Magoun is charged with the larceny of \$20,000 worth of various stocks belonging to Mrs. Clara W. Hall. It is alleged that in spite of repeated demands on the part of the complainant they were not returned nor was any account rendered for them.

PACKAGE SALES

Uncle Sam's Chief Attorney Says
They Are Against the
Law.

The Attorney General of the Post-office Department has recently ruled that "package sale" and "grab sales" are clearly lotteries within the meaning of the federal law, and that newspapers containing advertisements of such schemes are not admissible in the government mails. For years jewelers and others in many places have been in the habit of carrying on these sales at regular intervals, at which time they got rid of much stock. Each package was tied up and sold for 25 cents, the assertion being made that no article was worth less than that price. As an inducement diamond rings, watches and clocks were put up as prizes.

SNOW AND ICE IN AUGUST 1816

That is What Occurred in That
Year Says the Vincennes
Sun.

"You all remember the summer of 1816 when winter lasted the whole year," comments the Vincennes Sun, the oldest paper in Indiana, and the Sullivan Union recalls that January was so mild that fires went out. February was principally mild. March was mixed and an Ohio fresher was a "landmark." April made snow and ice. May ice was half an inch thick and corp froze. June was cold and snow was three inches deep in New York. July snow and ice—much Indiana corn was killed. August more ice and thicker. Indiana corn froze and was worth \$5 a bushel. September was mixed. October and November cold and December mild. Flour was \$18 a barrel.

TAX PAYING TIME IS NOW AT HAND

The Last Day for the Spring Installment Comes on First
Day of May.

It is not many weeks until the time for paying the spring installment of taxes will be up. The time is the first Monday in May this year, and it happens on the first day. This will leave but five weeks for those who have not paid their taxes to do so. As stated before many farmers who want to attend strictly to business when the weather opens up, have already paid their semi-annual rent, but the people in the city generally put it off to the last two or three weeks.

NEW CLERK IN FAYETTE COUNTY

Connersville Examiner, Friday: County Auditor Ross this morning called a special meeting of the county commissioners for the purpose of appointing a clerk to fill the vacancy caused by the death of William F. Downs. The commissioners convened shortly after one o'clock this afternoon and appointed A. L. Chrisman, who has served as deputy clerk for some time. Mr. Chrisman is competent to fill the office and his appointment will meet with satisfaction. There were no other names mentioned for the place. A commission will be issued and Mr. Chrisman will qualify at once.

Possibility of Arranging Peace
Attracts More Attention Than
Developments at Front

London, March 25.—The possibilities of arranging peace between Russia and Japan and the financial contest between the two countries are attracting greater attention for the moment than the strategic developments in Manchuria. Comparisons are drawn between the respective status of the two nations in the money market now and at the beginning of the war. The spectacle of the Russian minister of finance inviting newspaper editors and correspondents to verify by personal inspection the national bullion deposits, whilst Japan is negotiating an enormous loan on better terms than her previous small, timid issues, puts the development of the credit of the two belligerents into vivid contrast and is greatly commented upon. The London papers express little doubt that Russia will obtain her loan in France eventually, but on hard terms. It is reported that the new Japanese loan is already fully underwritten and that dealings have begun at a substantial premium.

The Daily Telegraph, editorializing on the statement of its St. Petersburg correspondent that Emperor Nicholas has been reluctantly persuaded of the necessity of concluding peace, but is inflexibly determined to pay no indemnity, says it has reason to believe that in the last resort Japan will not insist on indemnity if she were absolutely guaranteed the permanent enjoyment of the concessions she demands as the price of peace by guarantee by Great Britain either alone or in conjunction with America of the strict observance of the terms of peace. The editorial article further suggests that an entente between Russia, Japan, Great Britain and America would guarantee the peace of the far East for at least one generation.

INVESTIGATING

Anburn, Ind., March 25.—An investigation of the affairs of ex-officials of Dekalb county has been ordered by the county commissioners, and an accountant has been set to work on the books in the recorder's office. He is working under instructions to make nothing known until the examination is finished. It is expected that a similar examination will be made of all the other offices.

BY THE WAYSIDE

The politest man in the world lives at Kansas City. He was recently run over by an automobile and got up and apologized for being in the way.

"One of our ladies was scolding her husband for not going to church and trying to be good. 'Oh, I don't know that I care to be an angel,' said he, 'I might have trouble getting my clothes on over my wings.' She suggested that she thought what he needed to be worried about most was how he would get his hat on over his horns.

RUSHVILLE, IND. MAR. 25, 1905.

The "rag-time" weather prognosticators have signally failed in their prophecies for March. The government reports a day or so in advance are the only fairly reliable forecasts made.

Will it be possible for the Postmaster General to retain his job if he antagonizes the Senators and Congressmen by carrying out his rule to retain presidential postmasters in office indefinitely? If he does he will prove himself a strong man.

The cube root must go. Superintendent Cotton and the State Board of Education are working on a revision of the school system. It is understood that there will be a general knocking out of fads and a return to practical and less expensive methods. This is certainly reform in the right direction. What use is there for children to waste valuable time to acquire something for which they will never have any practical use.

If the postmaster General succeeds in carrying out his rule to retain postmasters in office indefinitely and with fourth-class postmasters, rural route carriers and other postoffice employees protected by civil service regulations, there is great danger of creating an office holding class in this country which will become a menace to the Republican form of government, and the free institutions as created by the founders of this great republic.

GETTING IN LINE

Political Aspirations Being Nurtured for State Convention.

Indianapolis, March 25.—John Billheimer of Washington today declared that he is a candidate for the Republican nomination for auditor of state next year. He is the present chief deputy in the office and the Republican and independent papers of his own district. The second, today contained very complimentary notices regarding him, setting forth his fitness for the office and declaring that the district and the southern half of the state in general will make an enthusiastic fight for him. Billheimer is the second district member of the committee, having served three terms. He was elected four years ago as a Fairbanks man, but two years ago Senator Beveridge instructed his lieutenants not to oppose him, as he was satisfied with the treatment he received from him. Billheimer was also an original Hanly man in the gubernatorial race last year, so he is in good position to fight for the nomination for auditor. The only avowed opponents he has now is Frank Duran of Laporte, who was defeated for the nomination four years ago.

Senator Albert J. Beveridge has returned from Washington and will probably spend the next few weeks in Indianapolis. His private secretary, Thomas Ship, said today that the senator has no definite plans, but will probably go away somewhere for a summer vacation. The senator has had a hard winter's work at Washington owing to the prolonged fight over the statehood bill. He has the appointment of the postmasters of the

Fourth district and Secretary Ship says the matter will probably be considered within the next ten days. It was reported from Washington a few weeks ago that the senator might take a trip to Cuba and Porto Rico during the summer vacation.

Jonce Monahan of Orleans has begun a canvass for the Republican nomination for treasurer of state that will be continued actively until the convention meets a year or more hence. Monahan was a candidate for the nomination in 1902, but withdrew and threw his support to Nat U. Hill, who was nominated and elected. Monahan is the only one of several candidates for the Republican nomination who has begun his canvass. The others will be in the field within the next month or six weeks, it is said.

Ananias Baker of Fulton county has a congressional bee in his bonnet, and if he is given half a chance by politicians in the Thirteenth he will likely oppose Congressman Brick for the nomination. Baker's connection with the recent bribery sensation in the legislature has made him widely known, and many of his political friends in Fulton are telling him that now is the favorable moment to spring a congressional boom.

Senator Lew V. Ulrey of Allen county, who has been mentioned as the possible Democratic nominee for congress in the Twelfth, said yesterday while in Indianapolis that he will not make the race. He wants to return to the senate and will be a candidate for renomination next year.

Representative W. H. Guirl of Clay county is no longer keeping his congressional aspirations under cover. He wants to succeed Congressman Holliday in congress from the Fifth.

PAID HEAVY BONUSES

Mrs. Chadwick Tells of Terms She Made With Bankers.

Cleveland, O., March 25.—Mrs. Chadwick said under oath yesterday afternoon, at her bankruptcy hearing, that her debts do not exceed \$750,000 including bonuses paid to bankers and others for securing loans for her. She said that the sum actually secured by her from Herbert D. Newton of Brookline, Mass., was \$78,000 and notes for \$5,000, for which she gave a note for \$190,000.

From J. W. Friend of Pittsburg, she borrowed \$75,000 and gave him her note for \$150,000. Friend, Mrs. Chadwick said, arranged other loans for her aggregating \$150,000 for which she gave a note for \$150,000 and put up as surety jewelry worth from \$50,000 to \$75,000. The jewelry was later appraised at \$42,000.

Pursued by Fire.

Columbus, Ohio, March 25.—Fire last night gutted a four-story brick building in North High street, occupied by the Columbus Drygoods company, entailing a loss estimated at \$200,000, of which \$175,000 is on stock and the remainder on the building. The fire started in a paper bin in the basement and its progress was slow and stubborn. The Columbus Drygoods company's store was gutted by a fire on Oct. 10 last and work of remodeling it had just been completed.

Couldn't Agree on It.

Albany, March 25.—After being out forty-four hours without reaching a verdict, the jury in the case of Richard E. Preusser, charged with the murder of Miles B. McDonnell of Boston, was discharged. Preusser, it was alleged shot McDonnell as the latter stood in the doorway of his room in a local hotel June 17 last.

New Coal Field.

Williamsport, Ind., March 25.—A second coal company has been organized in this county under the name of the Dinsmore Coal company. A shaft will be sunk in Liberty township.

A BAD MIX-UP

Jockey Fatally Hurt in Horserace at New Orleans.

New Orleans, March 25.—One of the worst accidents that has marred the history of local racing occurred in the second race at the fairgrounds yesterday. The field of eleven was about to swing into the stretch when Swedish Lad, running sixth, was jumped on by one of the horses behind him and his near hind leg broken. Court Crier, who followed, fell over. Swedish Lad and Jockey McCafferty, who rode him, was thrown directly in the path of the oncoming horses. Hopeless added to the confusion by falling over Swedish Lad and Court Crier. The spot was a rush of stable hands to the spot and McCafferty, the only one of the boys hurt, was carried to the stable and thence sent to the hospital. It was found that his skull was crushed in, both front and back, that both arms were broken and that there were other injuries. He died a few hours later.

Crackmen's Successful Operations.

Hammond, Ind., March 25.—Solomon Recht's department store at Whiting was entered and robbed while the members of the family were asleep in the upper rooms. The safe was forced with nitroglycerine, and it is said that several thousand dollars was carried off. A burglary in this city was equally daring. While Agent Dickinson was at dinner the offices of the Michigan Central railway and the Western Union Telegraph company, on a main street, were entered and robbed. The cash drawer was "jimmied" and several hundred dollars rewarded the daring thief.

TOGO GETS BUSY

Rumor Has It That Japs Have Attacked Rojstvenky's Fleet.

BATTLESHIPS DAMAGED

Admiral Togo's Torpedo Boat's Cause Consternation in the Ranks of Russian Baltic Squadron.

In Manchuria Both Armies Seem Content to Take a Long Breathing Spell.

St. Petersburg, March 25.—There is an unconfirmed report that Japanese torpedo boats have succeeded in damaging Vice Admiral Rojstvenky's battleships Sissoi Veliky and Navarin.

St. Petersburg, March 25.—The Russian rear guard is now occupying a line of fairly strong natural positions thirty-four miles south of Gunshu Pass, the center being the railroad village of Sipinghai and the flanks covering the roads on either side, which apparently it is the intention to defend long enough to force the Japanese to show their hands. The Russians may, however, have been outflanked and have no intention of making a serious stand, especially as all the correspondents continue to report rumors of wide turning operations on both flanks, indicating a probable basis in fact. The correspondents believe a resumption of hostilities on a grand scale and an important battle are improbable inside of three months.

The Situation at Home.

Interior Minister Boulygan's promise to the Moscow douma representatives, headed by Prince Galitzin, that representatives of the people will be allowed to participate in the deliberations of the commission which is to frame the new government assembly contemplated by the Imperial rescript of March 3, will be received with satisfaction by moderate Liberals and, taken in connection with the announced concessions to Finland and Poland, indicates the government's intention to give heed to moderate demands. It is noticeable that M. Boulygan has left the manner of the selection of the popular representatives of the commission in the air, giving the government the opportunity to yield the point of the election instead of selection if the pressure should be too strong.

Army Pauses for Rest.

Gunshu Pass, March 25.—The Russian retreat has now reached the village of Sipinghai, seventy-four miles north of Tie pass, where it has temporarily halted. The army has been practically without rest for months, and it is natural that fatigue should be evident. The Japanese are reported to be advancing on Sipinghai positions along the railroad and on both flanks.

UNCLE SAM PATIENT

Will Take No Notice of Castro's Blunt Refusal.

Washington, March 25.—Minister Bowen cables the state department from Caracas that President Castro has flatly refused to arbitrate the pending issues between Venezuela and the United States. The administration will take no action in regard to the reply which President Castro made to Minister Bowen. The matter was fully discussed at the cabinet meeting and it was determined to allow the matter to await developments.

Will Look Into Things.

Washington, March 25.—Arrangements for the investigation of the affairs of Santo Domingo were completed after a conference participated in by President Roosevelt, Secretary Taft and Prof. J. N. Hollander, who is to make the inquiry. It was decided that Prof. Hollander will sail from New York April 1 for San Domingo. He will return to the United States in May, and if his investigation is not completed by that time he will again return to the island.

No Way Out of It.

Washington, March 25.—It has been decided that it will be necessary under the law for the president to appoint a causal commission consisting of seven members. He considers that such a number makes the commission unwieldy but as congress failed to provide for a smaller commission it is held by the attorney general that the appointment of a commission of seven members is mandatory on the president.

Fatal Wreck on the 'Frisco.

Paris, Tex., March 25.—A north-bound 'Frisco passenger train encountered a burned bridge a mile and a half south of Arthur City, which dived the chair-car and two sleepers. One person was fatally injured, dying later, and several other passengers received slight injuries.

Made Good His Escape.

Tacoma, Wash., March 25.—Although the posse searching McNeill Island for the escaped federal convict, Albert E. Bell, has been increased to fifty men, and orders have been issued to bring him in dead or alive, no trace of the robber has been found.

BREAKERS AHEAD

Mr. Satan's Dominion to Be Overthrown in 1916, Say These Folks.

Detroit, M. C., March 25.—Glittering with topazes and accompanied by an uproarious brass band and a small menagerie, the long-haired "Angels of the House of David" passed through Detroit en route to the community of Christian Israelites in Benton Harbor, Mich. There were eighty-five in the party, following Benjamin and Mary, the founders of the faith, home from Australia.

Benjamin Purnell, with his wife Mary started the House of David at Benton Harbor. The community lives in a group of dwellings on the outskirts of the city. From a canning factory and 300 acres of gardens the thrifty Christian Israelites secure a good living.

The plan of the sect is to keep busy in the canning factory and on the farm in Benton Harbor until August, 1916, by which time they expect Satan and his followers to be overpowered.

THE PIE COUNTER

Governor Hanly Is Still Besieged by Applicants For Place.

SEVERAL PLACES OPEN

The Most Interesting Thing in This Connection Is the City Police Judge's Patronage.

Huge Bulk of the Governor's Correspondence Keeps Chief Executive Busy.

Indianapolis, March 25.—Governor Hanly is still deluged with applications for appointment to places in the state service. He has a number of commissions to appoint, but the places do not pay much. The report that he may appoint the city police judges for the short term provided for in the new municipal code has greatly swelled his correspondence, as there are hundreds of applicants. It requires four or five hours' steady work daily to dictate replies to the governor's correspondence, which shows what a busy man he is these days. He has fully recovered from his recent illness, however, and being an indefatigable worker, he is getting along very well. It is believed now that the governor will reappoint John Ward as adjutant general of the Indiana national guard. His term expires April 11. Union Banner Hunt is still acting as secretary to the governor, but he is also deluged with correspondence in connection with the railway commission, as there are a big bunch of applicants for secretary and clerk. Hunt said today that no one has been selected for these positions.

Death of Senor Azpiroz.

Washington, March 25.—Senor Don Manuel De Azpiroz, Mexico's first ambassador to the United States died last evening at the Mexican embassy, surrounded by the members of his family. Although a sick man since last fall, the ambassador's death was due to a relapse caused by exposure on inauguration day. Against the advice of his physicians, Senor Azpiroz left his sick-room on March 4 last and attended the inaugural ceremonies at the capitol, where he came near fainting.

MOTORMAN IN DANGER

Indignant New Yorkers Were Going to Lynch Him.

New York, March 25.—A squad of extra police was summoned from a station in Williamsburg section of Brooklyn to rescue a policeman and the motorman of a surface car from an angry mob of 2,000 persons who were trying to punish the motorman for the death of a little boy. The child ran in front of the car as it was passing through Park ave., and was struck and instantly killed. Barely had the motorman, James McCauley, left the platform on his car when several men seized him with cries of "lynch him," threw him down and jumped on him. The conductor took refuge in his car and locked both doors. McCauley struggled back to the car and reached a switch iron with which he knocked down several of his assailants. A policeman came to his rescue, but the mob attacked him also and the two men fought side by side, the policeman using his club and McCauley the switch iron. Word was sent to a nearby police station for help and when the police arrived they had to beat their way through the crowd to reach the men.

In Trouble With Uncle Sam.

Philadelphia, March 25.—Stanley Francis, alias Arthur S. Foster, a promoter of many companies, was arrested by United States postal inspectors on the charge of using the mails for fraudulent purposes, and after a hearing before United States Commissioner Craig he was held for a further hearing.

Suicide at Mt. Vernon.

Mt. Vernon, Ind., March 25.—Phillip Peters, a well-known German, committed suicide by shooting himself, while despondent.

The Teacher's Attitude.

The teacher's attitude toward his pupils should be a perfectly frank, honest attitude that will beget confidence. It should be full of sympathy and should stimulate the child to do his best always. It should inspire respect for teachers and self-respect at the same time. Now, anything that will prevent these things should be avoided. Sarcasm is one of the instruments sometimes used by teachers that will prevent the existence of good relations. Sarcasm destroys any respect a pupil may have either for the teacher or for himself. It leaves a bitterness and a sting that the pupil never gets over. Sarcasm has absolutely no place in a school. Anger is another attitude that should never be found in a school. The teacher who cannot control himself cannot hope to develop self control in his pupils. The worst feature after all about the use of sarcasm or 'giving way to anger,' is that it is generally the slow pupil that suffers. Teachers need to know that scarcely any credit attaches to teaching bright pupils. Of course there is some satisfaction in seeing them grow, but they will grow anyhow. The teacher's greatest opportunity lies in awakening into life the latent germ of some slow soul. Patience, and kindness, and sympathy, and encouragement are attitudes that must be constantly present in the school room. The practice of keeping a "slow" class, or a "dummy row" in a room are relics of barbarism, and any teacher who resorts to them confesses his weakness and unfitness for the calling in which for childhood he enrolled himself. Study your children in school and out and you will be able to find in everyone some dominant interest that is the avenue to his inmost nature, and that will furnish you the proper guide for his development.

HOLLAND PUFF SANDWICHES.

Take one pint milk; when boiling take two tablespoonfuls butter, a pinch of salt and add to the boiling mixture; stir in one-half pound flour, stir and boil until you have a very smooth batter; remove from fire and stir in four whole eggs and the yolks of four additional ones, beating thoroughly after each addition; turn into a buttered dish and let become thoroughly chilled. Then mold them into rolls about the size of sausages; place one on a buttered baking sheet and bake in quick oven until a deep yellow and very light when lifted; when cold split open one side and fill with a sandwich mixture moistened with a boiled cream dressing.

WELL TO KNOW.

How to Relieve Various Ills Without Calling the Doctor.

A bit of iron can be removed from the eye with a magnet. Never rub the eye when it is affected. If the particle causing the disturbance is on the upper lid, draw out the upper lid and drag the lashes of the under lid across the inside of the upper lid. Reverse the action if the dirt is on the lower lid. A grain of flaxseed often takes out a speck of dirt. If tears flow, dry the eye by wiping it gently toward, never away from, the nose. If some one is at hand to help, let him roll the lid over the point of a pencil and remove the speck on a bit of cotton wound about the point of an orange stick or the blunt end of a hairpin.

If a child is injured or stunned by a fall or a blow take him at once to the open air. Lay him flat on his back, the head slightly higher than the body. Put cold water or ice about the head and prepare a hot mustard bath for the feet. If the child remains in a stupor it may be necessary to apply warm water to the body. The same treatment should be given to an adult, though the treatment can be more heroic.

If a child chokes, turn him quickly and not too gently upside down, patting him sharply, but not hard, upon the back. In case of an adult bend the body forward, face downward, and slap smartly upon the back. If the obstacle will not come up, jerk the arms above the head and force patient to hang his weight by his hands. This treatment may start the obstacle downward.

NEW YORK FASHIONS

Pattern For Girl's Box Plaited Frock Designed by Martha Dean

Never were plaited dresses more worn than at present, and if one style is more especially favored than another it is the one shown here, because of its general becomingness and suitability. The blouse, which may be in either of two lengths, is laid in broad box plaits in both front and back. The sleeve is a very pretty new style, with fullness in the lower edge of sleeve taken up in small box plaits. The skirt is also box plaited and is an excellent model for a separate skirt to be worn in shirt waist or suspender style. The blouse may be trimmed in any preferred manner, although the machine stitching gives a pleasing finish. Blue serge is one of the best and most serviceable materials for such a dress, although it may be charmingly developed in pique, madras, gingham or any wash material.

Practical Recipes

For the Housewife

The Daily Republican, always on the lookout for something of use to its many readers, has made arrangements to publish, from time to time, a few practical recipes that will be found of great value to the housewife. Our readers will do well to cut these out as they appear and preserve them as they will be found of special use. In fact, it will be our effort to publish seasonable recipes only, and those suitable to all tastes and purses.

Contributions of practical approved recipes, to be used in this department, will be gratefully received and published under the name of the contributor. Address all such, to "Practical Recipes Department."

BLACK PUDDING.

One cupful each of warm water and dried currants, two of flour, one-half of black molasses, one beaten egg, one teaspoonful of soda. Steam two hours and serve with sour sauce.

OATMEAL COOKIES.

Two cupfuls each of sugar and shortening (butter preferred), eight tablespoonfuls of sweet milk, four beaten eggs, one cupful each of chopped raisins and currants, four each of flour and oatmeal, three teaspoonfuls of cinnamon, one and one-half of soda, one of salt. Sift flour, salt and soda together three times. Add oatmeal before the flour. Drop batter from a spoon in cakes far apart, and bake in a hot oven.

OYSTERS AND MUSHROOMS.

Heat a pint of oysters in their own juice until they come to a boil. Drain them and strain the liquor. Cook two tablespoonfuls chopped mushrooms in two tablespoonfuls of butter for five minutes, add two tablespoonfuls of flour mixed smooth in cold water and the oyster liquor. Cook three minutes, add the oysters, the yolk of an egg well beaten, half a teaspoonful salt, half a teaspoonful lemon juice and a dash of cayenne. Serve on toast.

How to Prepare an Easy Dessert.

A cup of coarsely chopped hickory nuts or English walnuts added to a pint of whipped cream, sweetened and poured over a dozen lady fingers, makes a toothsome and acceptable dessert.

How to Make Camphor Cream.

A very good preparation to try when the hands have become rough is made of two ounces of spermaceti, two ounces of white wax and two ounces of sweet almond oil. Melt the three ingredients together over a gentle fire and add an ounce of camphor in shavings. Remove it from the fire when the camphor is dissolved and stir until the mass concretes.

WHAT WALL PAPER WILL DO.

Make a dingy, shabby room look attractive and handsome. Change a dark, gloomy room to a bright cheery place. Make the whole interior of a house look like a new place. New bed room, new kitchen, new parlor and so on through the entire house.

To work these changes you need not spend much. Stop in and let us show you our papers and tell you how to do the most for the least money.

Thomas, the aged Friends' minister, of Dunrieth, known as the "Father of Indiana Yearly Meeting," have been notified that this marriage to Mrs. Anna Mills, of Indianapolis, which was announced for Thursday, was postponed on account of serious illness. The bridegroom is ill with erysipelas and it is not known when the wedding can be held. The bride-elect said that there is hope for Mr. Thomas' recovery and that the marriage will be solemnized within a short time.

Greensburg News: The wrecking crew of late has been having a very strenuous time of it. Yesterday at seven o'clock they were called to Westport and returned at noon. At about one o'clock they were called to go to Carthage, and when they had the wreck clear at that place they were called to Shirley on a similar job. Rushville was their next call, but they were hurried from there to "MY" block station, east of this city, to repair a broken down car. They returned to Greensburg at six o'clock this morning, all thoroughly tired and worn out.

AMUSEMENTS

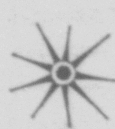

"The Minister's Sweethearts" which comes to the city opera house Monday, March 27th, is one of the season's most noted successes. Miss Bessie Clifton's portrayal of "Daisy," the awkward, gawky country girl, has at a bound placed her at the top notch of successful stars. It is around this character the plot is laid and the humorous aspects are always in the foreground. The holy horror of the hypocritical old deacon and the gossip of church women because of the young minister's up-to-date ideas of right and wrong, the interview in which the deacons express their opinion of each other, the singing and dancing of "Daisy," and many other scenes have their ludicrous side. The denouement also gives satisfaction. "Lucky Jim," acquitted of all crime, appears as his proper self and "Daisy" as an accomplished young woman.

The scheming lawyer loses the property he fraudulently possesses and his daughter, after all her maneuvering, loses the young minister, who has been forced by his high moral ideals to become engaged to her, while really loving Daisy, who loves him in return. The company supporting Miss Clifton is one of the strongest of road combinations. Special scenery is used for the entire production. The play will be the last of the season at the opera house which will close on the following day.

Sold by druggists and merchants every where. Price 10c, or by mail on receipt for 6 2c. stamps. Insist on the genuine in yellow boxes.
